Rover's Return to Germany
 Called Brilliant Exploit
 by the British

PRESENT PORT
 IS IN DOUBT

Some Are Inclined to See a
 Ruse in the Berlin
 Statement

London, March 7.—While dispatches from Berlin say the commerce raider Moeve will be refitted and provisioned and sent out to sea again with her intrepid crew within a few weeks, several of the London newspapers express doubt that the Moeve has returned to a German port. The sceptical incline to the opinion that the German authorities have put out the story for the purpose of throwing the British patrols off guard.

The naval expert of the Times, however, commenting on the report from Amsterdam that the sea rover has put into Wilhelmshaven, holds it to be likely that she really has eluded the blockading fleet. He declares:

"The possibility of an enterprising captain breaking the blockade inward as well as outward has been demonstrated frequently. The captain of the Moeve certainly carried out a desperate adventure with skill and courage."

The Berlin advice says the Moeve will first be drydocked, then her hull will be scraped and the ship thoroughly overhauled. In the official statement the name of the Moeve's present port is kept secret.

According to the announcement the Moeve brought home 1,000,000 marks (\$250,000) in gold bars and 199 prisoners taken from 15 ships, all British except a Frenchman and a Belgian. The merchant tonnage captured represented an aggregate tonnage of about 60,000.

The admiralty says that the Moeve

**Easy Way to Get
 Rid of Itching**

Don't worry any more about that itching skin-trouble. Just get a jar of soap at any drug store. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

Choosing Your Shampoo Soap
 If you select a soap that contains soothing, healing properties like the resinol balsams in resinol soap, you are not likely to have trouble with dandruff, loss of hair or itching scalp. Ideal for the youngsters' heads.

Washington, March 7.—Hearings on the impeachment charges of Representative Buchanan against United States Attorney Marshall of New York, will be resumed by the House judiciary sub-committee here within the next few days. This course was determined upon Sunday night by the members upon their return from New York, where they have been taking testimony for several days.

The original plan of the committee was to close the hearing in New York, but this proved unsatisfactory and several New York witnesses will be brought here to testify.

Chairman Carlin brought to Washington the letter in which Mr. Marshall attacked the motives of the committee, but he had not determined what action if any would be taken regarding it.

Members of the House, particularly those on the judiciary committee, were disposed to look on Mr. Marshall's communication as a very grave matter. "No more extraordinary letter," said one member, "has been addressed to a House investigating committee in many years."

It is assumed generally by members of the House that the charge of irregularity and bad faith made against the sub-committee conducting the investigation, if not against the House itself, will not be passed by without action of one kind or another.

In view of the character of the question raised and the disposition of members of the judiciary committee to regard the situation as one of unusual gravity there was an apparent reluctance on the part of those who will most directly deal with it to predict what course will be taken.

It is contended that the power lies

Washington, March 7.—By holding that the states have the power to impose taxes, large or small, on trade coupons redeemable in premiums, the supreme court put the legality of premium advertising, by which it is estimated \$125,000,000 worth of merchandise is sold annually, within the scope of state laws.

The widespread practice of giving coupons with cigars, cigarettes and tobacco, or premium slips or trading stamps with other merchandise, was thus held to be

Washington, March 7.—The House rounded with cheers late yesterday when Republican Leader Mann took the floor and assailed Americans who might invade the country in war by traveling on armed ships. "I hope our citizens never will be put to the test of having to fight because some fool has involved us by entering upon a joy ride," he shouted.

"The gentleman from Massachusetts, Mr. Gardner," said Mr. Mann, "has charged that the membership of the House in this matter has been actuated, first by partisan reasons, and second by fear of votes at home. The gentleman from Massachusetts is entitled to speak for himself, but not for anyone else on either side of this House. It is too grave and great a question for the patriotic men of this House to determine for them to be actuated by base motives as suggested by the gentleman from Massachusetts."

"Pape's Diapepsin" Ends All Stomach
 Distress in Five Min-

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women to-day know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Adv.

Seventeen years in business this month; more than two million dollars' worth of property has changed hands through this office during that time; some years our sales have run over \$300,000.00; all classes of property, farms, city homes, building lots, blocks, timber tracts, grist mills, stocks of merchandise, hotels, etc., have been handled.
